Summary:
Overview: The Homeless Crisis Response Program (HCRP) was implemented in 2012 to replace the Emergency Shelter and tenant-based supportive housing components of the Homeless Assistance Grant Program. It is modeled after the Homelessness Prevention and Rapid Re-Housing Program (HPRP). The HCRP has been established in order to better meet national objectives and the needs of Ohio’s homeless persons. The goal of the HCRP is to prevent individuals and families from experiencing homelessness and, when homelessness does occur, to provide for emergency shelter operations and to rapidly move persons from emergency shelter into permanent housing.

The HCRP is divided into two components:
1) emergency shelter operations; and
2) homelessness prevention and rapid re-housing activities. Funding is a blended formula/competitive model that balances service coverage and incentivizing performance within the grant period.

Homelessness prevention and rapid re-housing activities are limited to households below 30 percent area median income (AMI). Emergency shelter funding is awarded on a renewal basis, assuming grantees meet performance standards.

Eligible Applicants: Eligible applicants include nonprofit organizations and units of local government for emergency shelter activities, and state-appointed nonprofit organizations and local units of government for homelessness prevention and rapid re-housing activities.
